Installing Leaf WiView

Leaf WiView is a wireless application that enables you to view images on an HP® iPAQ® Pocket PC as you shoot. Before you begin working with Leaf WiView you must install the application on the iPAQ Pocket PC. Follow the procedure for your operating system.

Minimum Requirements

WiView is supported on iPAQ Pocket PCs that meet the following requirements:

- Microsoft® Windows Mobile® 2003 SE or Windows Mobile 5 operating system
- Built-in Bluetooth® wireless technology
- 240x320 or 480x640 screen resolution

Note: Leaf WiView is not supported on iPAQ Pocket PCs with square screens (240x240 or 480x480 resulotion).

The following iPAQ Pocket PC models are known to be supported:

- hx2100
- hx2400
- hx2700
- hx4700

Installing Leaf WiView on Windows OS

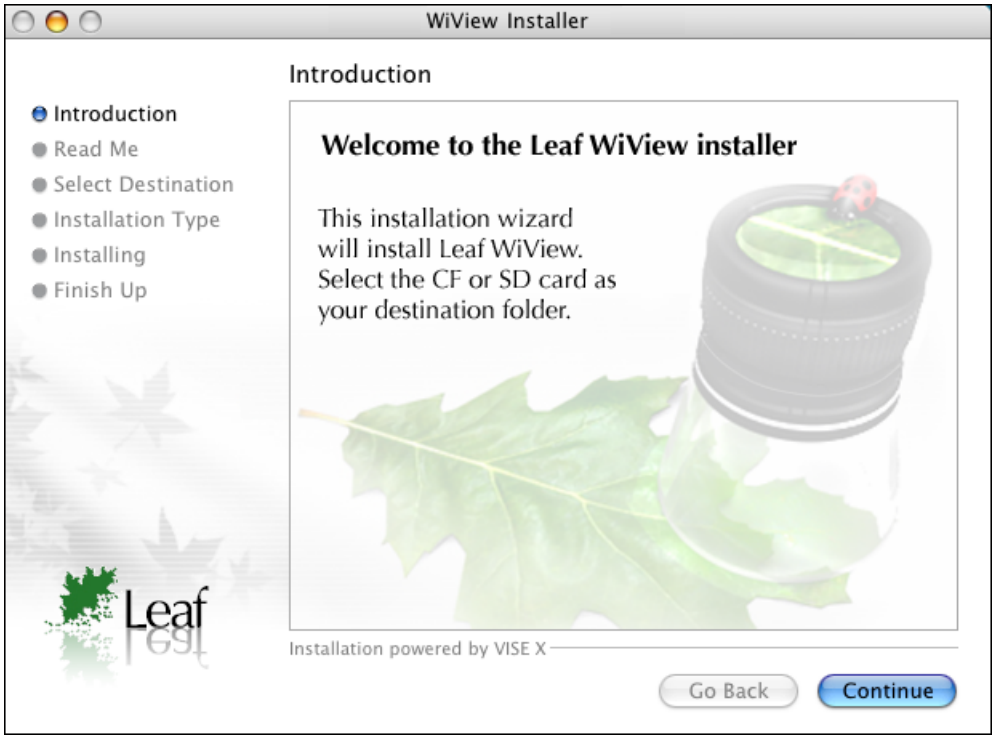

1. Insert the Leaf Capture CD into your computer.
2. Insert the iPAQ Pocket PC into the universal cradle or cable.
3. From your computer, open Microsoft ActiveSync.
4. Click **Sync**.
5. On the Leaf Capture CD, locate **Leaf WiView**.
6. Copy the **Leaf WiView** folder from the PC to the iPAQ Pocket PC.
7. On the iPAQ Pocket PC, double-click **LeafWiView.cab**.

   The Leaf WiView is installed on the iPAQ Pocket PC.

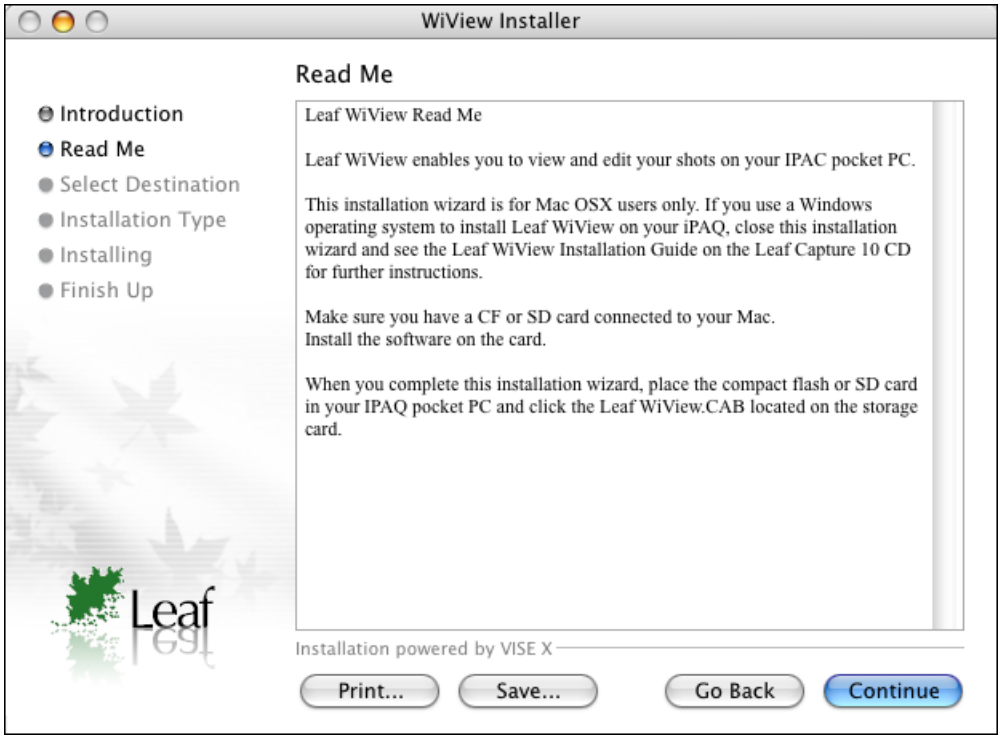

Installing Leaf WiView on Macintosh OS

You can install the application directly on a compact flash or SD card.

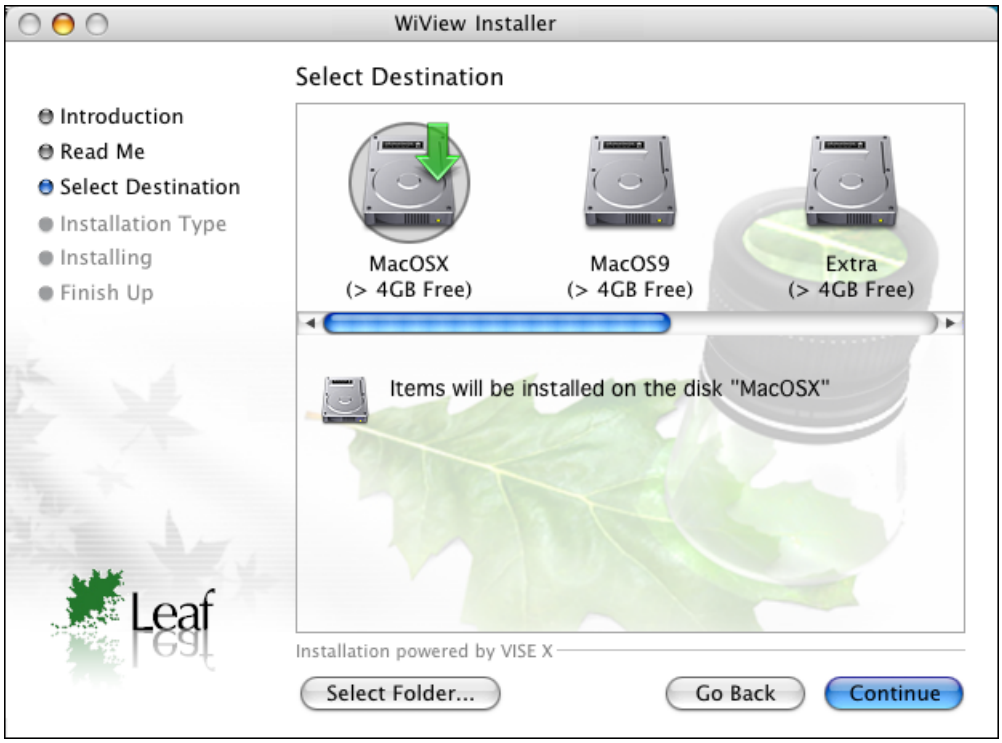

1. Insert the Leaf Capture CD into your computer.
2. Do one of the following actions:
   - ❒ For CF card users: insert the CF card into the Leaf Aptus camera back. Using an Apple® FireWire® cable, connect the Leaf Aptus camera back to the Macintosh computer.
   - ❒ For CF or SD card users: insert the card into a card reader and connect the reader to your computer.
3. Locate and open the WiView setup installation program on the CD.
4. In the Leaf Capture 10 splash screen, click **Continue**.

5. The Read Me file window enables you to both print and save the notes on your disk. It is recommended that you read the notes and then click **Continue**.

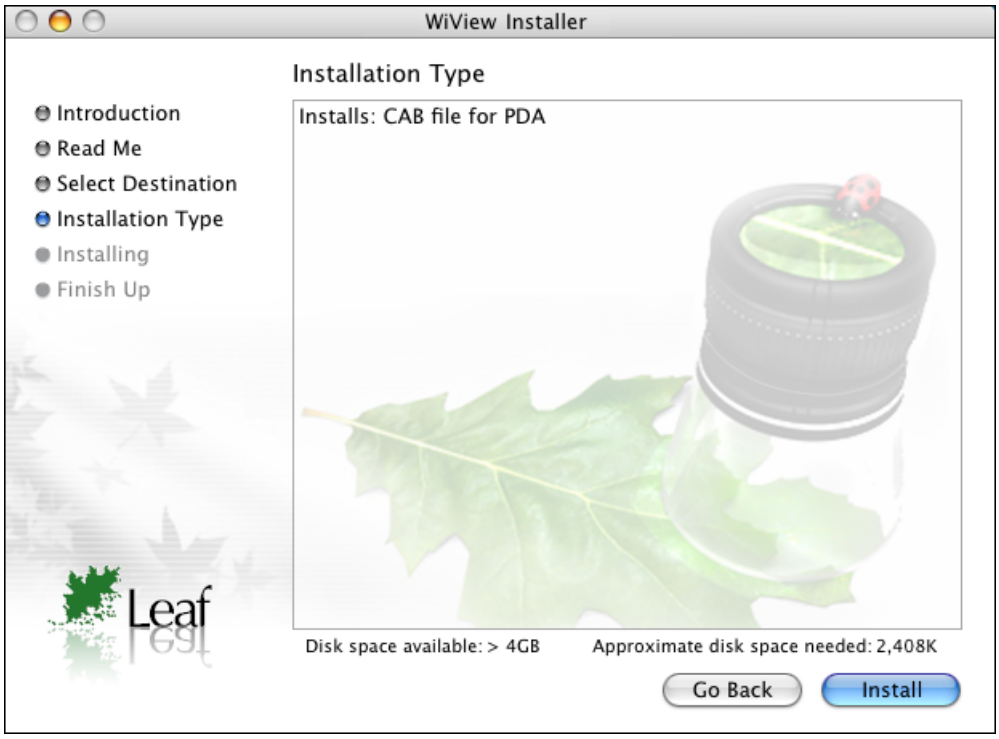

6. To install Leaf WiView on your CF or SD card, click **Select Folder.**

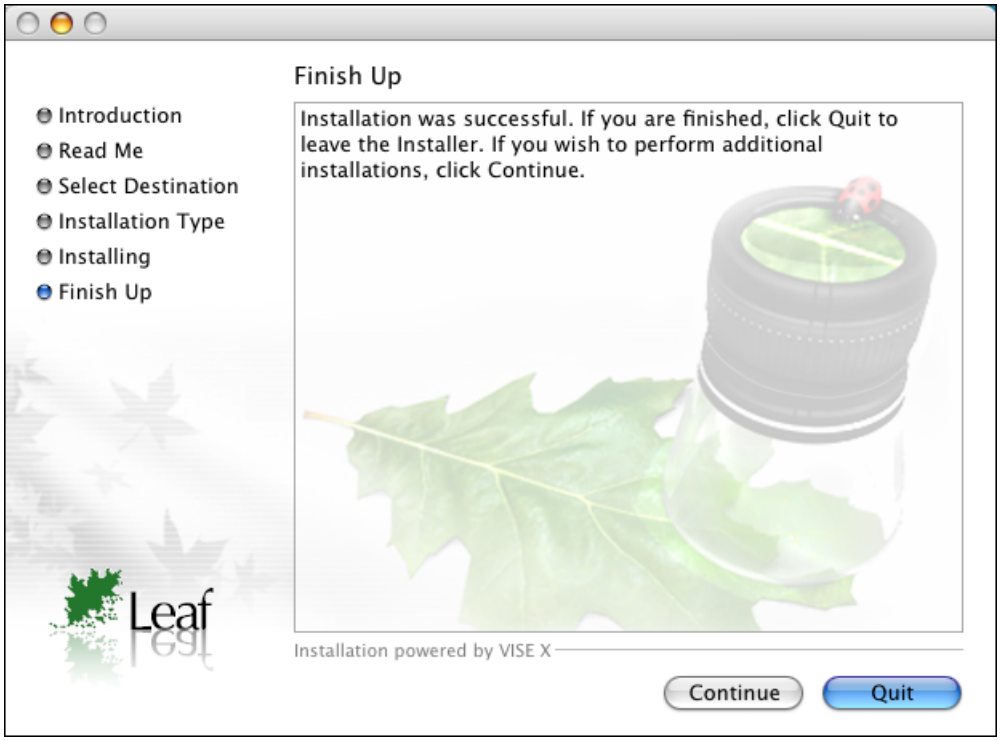

7. In the **Choose a Folder** dialog box, navigate to the CF or SD card, and click **Choose**.

8. Click **Install.**

9. When the installation is complete, the following message appears. Click **Quit.**

10. Place the CF or SD card in your iPAQ Pocket PC.

11. From the CF or SD card, run the **Leaf WiView.CAB** to install Leaf WiView on the iPAQ Pocket PC.

    When the installation is complete, the Finish Up message appears.
